

# Rising Stars

***Cecelia Bazan*** — The always energetic Cecelia Bazan — known as “CeCe” — started working for the TRM Hammond facility on January 3rd, 2007. Her speed, accuracy and productivity led to her second TRM opportunity and challenge. She moved to shipping to be a puller packer. She was eventually asked to move to the shipping scanner position. She earned that notoriety by mastering the art of scanning and pitching 500+ packages per hour by herself. CeCe was there to answer the call and to take the reins to be HMD’s new shipping lead when the opportunity presented itself. She worked in that position for six months. Her current challenge and opportunity is to be HMD’s shipping supervisor. Without a blink of an eye she accepted the challenge and has done an outstanding job ever since taking those reins. Many of her teammates have said that CeCe can brighten a blustery day with just a smile and a CeCe style “hello”. The greatest thing about CeCe is her never ending energy and happy positive personality.
